Our show is not related to original **ABBA**, but we very, very close.
Finally, too many tributes took a ride on our band's name.
It's time for a tiny change!

A33AFever

The ORIGINAL Show from Hamburg/Germany

We have been playing ABBA's greatest hits for more than 20 years, and it still feels just as special, as it was on the very first show. Our stage show stands out from the crowd, due to it's originality, our enthusiasm, and our unique sound.

We have now been performing live for longer than our role models. Our concerts have been the highlight of countless events for many years.

Whenever **Original ABBA** calls, we are prepared!

Meanwhile, our singers have made appearances on stage and screen with Benny Andersson and Björn Ulvaeus - That makes us feel proud!
